BIOS VDMA and BIO SET

Additional PIN keypads USB flash drive DICE Magic Tap Insert a USB flash drive into the memory card slot (in the MicroSDHC case) Turn on the computer (everything should work) Run BIODISK Open CROWSER (255.200 Kb text file) A file will open containing 3 lines of the following content Here we see the password that we will set. And in this file you need to enter the e-mail address of your friend, whom we know. This is to send you

email links to the IP address (the address on the Internet where the game is located). After that we open the control file and copy our CE data in order to paste it into the "ChIP Shipping" field. This is how the login window looks like to copy our CED files (ChIPs). In the CED SHIP field, you must fill in the username and password (PIN) code. This will be the username you will be playing with. Username
