Windows 8 Logon 1.2.1.4 (2012040700) Windows 8 Logon is a handy utility designed to implement the Windows 8 Logon style in your existing Windows OS. Windows 8 Logon is a very simple and user-friendly interface. It will help you add Windows 8 logo on the login screen of your Windows. If you want to get the Windows 8 Logon in Windows 7, Windows Vista, Windows 8, Windows 8.1 then Windows 8 Logon is the tool which will help you. Description: Wallpaper Maker is a freeware for Windows that allows you to create and share your own wallpapers on Windows. It can create, save and install your own background, instead of using the ones that ship with Windows. Features: Draw on the screen with your mouse or use the many drawing tools that are included. Adjust the size of the background and choose from a wide range of colors and border styles. Wallpaper Maker should also work as a calendar background. Share your wallpapers with friends and anyone else with an internet connection. Save your work to a file that can be shared as an image or as a printer paperback. Wallpaper Maker allows you to use the many features of Windows to make it even more useful. Windows is the perfect app for wallpaper makers, with its themes and translucent background. Explanation: If Windows is not working for you (no icons, no taskbar, no explorer.exe, etc), you can use MZTools 09e8f5149f

Do you want to change the icon of your windows system, laptop or desktop? You need to click on the start menu, then click on accessories and then you need to select the Icons tab. The Icons tab is visible in all sizes of Windows system. You can change your Windows desktop Icons as well as your Windows Start Menu icon as per your wish. Note: If you are changing the start menu icon, then it is important to know that your system must be in the trial mode. To change your Windows system, you need to press the Control key + C. Now press the O key and then select the entry of the Windows start menu. When you want to change the start menu icon as well as the Windows desktop icon, press the Control key + C and select Icon. This will open the icon entry tab. In the tab, select the start menu icon or the desktop icon. Press Ok, and then restart the system to check the changes. [SlideShow] Inside this FREE Software for Windows Version of the Windows 8 Logon window, you can find many tools.
