
Hypersonic 2 Team Air Crack

LOL. You are mistaken. There is no fake dongle in the new version of the crack ... and I have Team Air products installed with the program ... So whoever uses my product will not be fooled. Under Rule 6 of the License Agreement ... I can't transfer the rights to use my product to anyone who hasn't bought my program. But you are trying to buy it under a different name. You have to buy a license to use it. Either way, you can buy my version, but you can't buy a license to use the crack. You can only buy a license to use the crack!
